French Lick

I went to French lick In. with Shep to see the dome and the big tree. The tree is 50ft tall. We went to a play ground to eat lunch. Then I got to go up and down on an escalator. Then we went to West Baden Hotel. I got to touch a train and get on the train engine. We then took the long way back to Lark.

The End!

My trip to Indy from the hotel and to the conference

It all started when my and I mom went to Indy; we went up there from Bloomington Indiana to Indianapolis Indiana. When we went there I was wondering is there like WIFI and computer access when we went there. For the first day I was like a little nervous but I was going into the ballroom, it was big there, like 2 floors of stuff to do at the conference. We had us like a panel we can watch but it was a little boring so we said like there was a good place to park we saw us after we called them they took us to the hotel, mall and conference center every day after that we saw us like a hole lot of people you could listen to from the people that were speaking from the we hole lot of practice and a hole lot of people like this girl name Ann she told us her life story from the day she was living in the her apartment to her job to her dally life at her apartment. On the first day we had us like people to meet up for dinner we saw us like a whole lot of choices of music and people to listen to like one time me and my mom went to the dinner they had like 3 main choice to choose from the like one time we had us like people like to talk to like Nancy Smith from Bloomington I saw also Mark from TSI they were really nice.
