Places We Go

Sometimes we go to different churches to volunteer to clean them; some of the different churches we clean are St. Vincent Catholic church, and on Fridays we go to Mt. Pleasant Christian church on Fridays to do the clip boards and to pick up all of the trash in the pews. Sometimes we have to fold the bulletins and do the monthly newsletter. On Mondays we go to the First Church of God to clean up the sanctuary and clean the toys and tables the children use.

Busy Day

I will be busy on Friday night when I get off the bus at 4:00. I will be going to Walmart and out to eat then go to the Valentine Dance. I will not be home most of the day. It’s going to be busy most all day, it will be a sleepy day.

The end

Happy Valentine’s Day
Philadelphia Eagles

Hey! How about those Philadelphia Eagles! They beat the New England Patriots in the Super Bowl. The back up quarterback marched his team down the field to a victory over a team that was the favorites. The Eagles won their first Super Bowl and only their second championship. How wonderful it was to see the underdog win. This is proof that someone who shouldn't win can and it doesn't matter if you have different abilities, you can still achieve what you want if you work hard and keep trying.

Pops and I

Pops and I are a team
We work good
We work on metal
We work on tools
We work on cutting firewood
We work on recycling
Together we work hard
We get along all the time
Even when we are mad, we don't hate each other. We still love each other and get along all the time
I love my pops
Me and my pops are a team.
My Trip to the Dayton OH Air Force Museum

My trip to the Dayton Air Force Museums. I was about 10 years old when I went to the Museum, I saw a whole lot of old planes. I saw an F-15 Eagle. Then I saw how the food was made in space.

I was going to the Air Force Museum in Dayton when I the cost was at a good price. I saw all the planes but on the way to the place I saw the Wright Brothers, when I went inside the building it was cold but on that day I went with my dad and stepmom when we were on the road we saw a lot of traffic on the road to get inside we saw a hole lot of planes I was shaking like my anxiety was going to the top because we went inside the hanger to see all the planes in the first hanger when we went to the next hanger my dad said “Tommy we are going for the rest of the day” so we saw some rain on the next day. My dad was like we go check in the newest hotel so we saw a hotel that had a room that my dad found on a booking website when before we went to the Dayton we saw the planes so after that we saw the Air force One the President’s plane when we got to the hotel we checked out then we went to the zoo in Cincinnati. When I went to there I wasn’t feeling good so after that my dad had the idea of us going to White Castile so after that we went back to dad’s house we went there so when we got there I rested.
